Features of Nero 9:

Create and Edit – Video, Music and Photos

- Whether you're recording soccer games, concerts, or family reunions, get professional results in an easy-to-use video creation and editing tool.
- Dust off your old CDs and LPs and digitally archive them forever. Easily manage and play your favorite music titles as the new music recognition service delivers accurate song, artist information, and album art (Powered by Gracenote®).
- Share the stories of your life's most memorable moments with professional photo-editing tools to correct red-eyes, crop, rotate, adjust, and enhance photo quality.

Convert and Share

- Convert your music, videos, and photos to DVD, CD, or your portable devices and enjoy them on the go.
- Convert your old CDs, LPs, and tapes to MP3s and save them forever.
- Upload your coolest photos and videos to share with online communities like YouTube™, MySpace, and My Nero.

Home Entertainment

- High Definition Television – record, manage, playback and enjoy your favourite TV shows, in crystal clear quality.

Rip and Burn

- Fast and easy ripping, burning and copying of CDs, DVDs and Blu-ray Discs* directly through Nero StartSmart getting more data on the disc than ever before!
- Personalise your discs with labels, covers and booklets - choose from multiple templates or customise using your own images.

Backup

- Don't loose your valuable memories and important files – safely and easily backup to archive, protect and manage your multimedia library for generations to come.

* Blue-ray capabilities are subject to change

Benefits of Nero 9:

- Nero 9 provides all the functions you will ever need in a multimedia software suite yet remains fast and easy- to-use with outstanding results.
- Rest easy in the knowledge that your memories and files are safe and secure with point and click backup and archiving of files and data to CDs, DVDs, and Blu-ray Discs*.
- Boost your home entertainment library and create professional-looking DVD movies with integrated 3D menus.
- With one click functioning you can experience freedom with your music while you copy, burn, share, upload, and create music mixes just like a DJ.
- Convert music, photos, and DVDs to play on your iPod® and other mobile devices and enjoy them on the go.
- Share your photos and memories with your friends and family in a snap with quick and easy photo and video upload to My Nero, YouTube™, and MySpace.
- Now you can almost do anything with Nero , including bringing your TV to life - watch, record, pause, and customise your live TV experience.

System Requirements:

PC running Windows® XP SP2 or SP3/Vista®/Vista® (SP1); Windows® Internet Explorer® 6.0 or higher; 1 GHz Intel® Pentium® III or equivalent AMD and Intel® processor (2 GHz Intel® Pentium® 4 or equivalent AMD and Intel® processor for Windows Vista®); 256 MB RAM (512 MB RAM for Windows Vista®); 1.5 GB Hard Disk Space; CD, DVD, or Blu-ray Disc recordable or rewritable drive for burning; DirectX® 9.0c revision 30 (August 2006) or higher; Up to 9 GB available hard drive space for DVD images and temporary DVD files; Graphics card with at least 32 MB video memory and minimum resolution of 800 x 600 pixels and 16-bit color settings (24-bit or 32-bit true color is recommended); Latest WHQL certified device drivers is strongly recommended; DVD-ROM drive; For the Nero Online services: Nero product registration, product updates, patent activation, Gracenote® services, Nero Online Backup, and other features (such as photo sharing) an Internet connection is required.
